📍 **Valenzuela City**

OBJECTIVE

Aspiring software engineer with a strong passion for technology and a keen desire to embark on a challenging and rewarding career in software development. Eager to learn, adapt, and apply cutting-edge programming concepts and methodologies. Committed to becoming a valuable team player, dedicated to collaborative problem-solving and innovation. Excited to build a foundation of skills and knowledge, while continuously seeking opportunities to enhance my abilities in a dynamic and growth-oriented software engineering environment.

EDUCATION

Bachelor of Science in Information Technology
Our Lady of Fatima University
📅 2017 - 2020

EXPERIENCE

Web Developer Intern
Miyens
📅 07/2019 - 09/2019   📍 3 Fini Homes Condominium #80 Ramon Delfin Street, Marulas, Valenzuela

- Proactively expanded my skill set through self-study and practical application. This included the creation of small, interactive React.js components that enhanced website functionality and staying up-to-date with the latest industry trends and best practices.
- Conducted comprehensive web responsiveness assessments across various pages, meticulously identifying and addressing issues to enhance the overall user experience.
- Having the opportunity to work in a collaborative team environment, I honed my communication skills, learned to adapt to different working styles, and contributed to a culture of cooperation and shared goals. This experience allowed me to appreciate the value of teamwork and effective collaboration.
- Duration: 300 hours.

SKILLS

ReactJS   HTML   CSS   JavaScript   NodeJS   MongoDB

MySQL   C#   TypeScript   Tailwind CSS
